Certified Professional in Erosion and Sediment Control[®]

Review Course

March 17, 2009
NHDES
Concord, NH

Northeast Chapter

International **Erosion Control** Association

The Northeast Chapter of the International Erosion Control Association, along with the NH Department of Environmental Services (NHDES), is sponsoring the review session and examination to qualify as a CERTIFIED PROFESSIONAL IN EROSION AND SEDIMENT CONTROL[®] (CPESC).

The CPESC[®] designation identifies specialists who have met nationally established standards of expertise, experience and knowledge in the field of erosion and sediment control. Through a process of peer review and a written examination, applicants can obtain certification. CPESC[®] is the industry's only certification program and includes more than 2000 professionals in the U.S., Canada, Europe, Malasia and Australia.

The newly revised NHDES Alteration of Terrain regulations recognize the CPESC[®] designation as denoting individuals qualified to create erosion and sediment control plans and conduct inspections.

The U.S. Dept. of Agriculture Natural Resources Conservation Service and the U.S. Environmental Protection Agency have both endorsed the program.

What does CPESC[®] certification do for you?

- 1) It documents your qualifications and acknowledges your achievements.
- 2) It strengthens your credibility.
- 3) It improves career opportunities and advancements.
- 4) It expands your learning opportunities.
- 5) It elevates your profession's image.
- 6) It demonstrates your commitment.
- 7) It creates personal satisfaction.
- 8) It provides new business opportunities.
- 9) It gives you stronger voice in regulatory issues.
- 10) It offers greater peer recognition.

The review session will be held at the NHDES Auditorium at 29 Hazen Drive in Concord, NH. The exam date will most likely be in May to allow attendees to complete the application process, which takes about 30-60 days. ***Plan Ahead*** - you MUST be pre-approved to sit for the certification exam. The application packet is posted at www.cpesec.org/cc-info/app-packet.asp.

This is a review class for the exam. However, for those considering future certification or who would like a refresher on Sediment and Erosion Control, this workshop covers many topics of interest including regulations, planning, hydrology, and best management practices.

WHAT IS THE EXAM?

The exam consists of 3 parts
Part 1 will test Fundamentals, such as processes, prediction and control. The format will be true/false questions and multiple-choice questions. Part 2 covers Rules and Regulations. Part 3 will test Specialties. In Part 3, applicants will select to answer questions related to two of the five types of site disturbance/development. These topics include Agriculture, Land Development, Forestry/Recreation, Transportation/Utilities and Mining/Land Reclamation.

APPLICATIONS CAN BE
DOWNLOADED FROM THE CPESC
WEBSITE – www.cpesc.net

See www.ieca-nechapter.org for other upcoming workshops and conferences

INSTRUCTORS

The review session will be led by:

RANDALL SHUEY, CPESC, CSS, CWS
NEW ENGLAND ENVIRONMENTAL, INC.
Mr. Shuey is an approved trainer by CPESC, Inc. and served as the Administrative Vice Chair of the CPESC Council. Mr. Shuey is an environmental consultant specializing in soil stabilization, wetlands and development issues. He has presented training and seminars on construction issues throughout New England.

and

JOE KOZIELL, REGIONAL SALES MANAGER
NORTH AMERICAN GREEN
Mr. Koziell has been providing training throughout the country on erosion control products and stabilization methods. He currently serves on the Board of Directors for the Northeast Chapter International Erosion Control Association.

More information on the CPESC® program and Certified Professional in Storm Water Quality® (CPSWQ) as well as the new Certified Erosion Sediment and Stormwater Inspector™ (CESSWI) program can be found at www.envirocertintl.org

**Directions to the NHDES
Concord, NH, office:**

From the South and West
Take I-93 north to Exit 14 turning right at intersection. At third light (at top of hill) turn left onto Hazen Drive. Turn left at sign for Health & Human Services. Visitor Parking is available in front of building.

From the North
Take I-93 south to Exit 15E onto I-393. Take Exit 2 and turn left at end of exit ramp (East Side Drive). Stay to the right and turn right at light onto Hazen Drive. Turn right at sign for Health & Human Services.

From the East
Take Route 4 west to Concord (Route 4 becomes I-393 in Concord). Take Exit 2 and turn left at end of exit ramp. Stay to the right and turn right at second light onto Hazen Drive. Turn right at sign for Health & Human Services.

COSTS
The class registration fee is \$60.00, which includes lunch and breaks.

An additional fee of \$60.00 is required of all attendees to cover the cost of the CPESC Exam Review Course workbook that is an integral part of the educational program.
